Study Title: *Cellular Propeller*

Name of researcher: Dr Howard Boland

Contact details: howard@c-lab.co.uk

In order to carry out an experimental study that looks at how sperm cells can be used to mobilise a synthetic plastic scaffold, sperm donation by participants may be necessary and therefore a room is required. The room will be used for participants to extract sperm samples and therefore will need to be private. Appropriate visuals will be provided for participants and container for collections.

If you wish to learn more about the results of the research please refer to www.c-lab.co.uk.

If you have any questions or require further information please contact me.

With thanks,
Dr Howard Boland
Director, C-LAB (UK)
